General Price List

Our mission is to provide services that enable our clients to have funeral services that meet their needs as mourners. Our specialty is home-based dying and death care and natural burial. We are here to help everyone have a meaningful death & dying experience in accordance with their own personal values and wishes.

Basic Service Fee of Funeral Director, Staff, and Overhead: \$100

This fee will be added to the total cost of the funeral arrangements you select.

On the next page is a list of the services we can provide to our customers, from which you can select those services that meet your needs. Please note that any service you select will include a charge for our basic services and overhead. If legal or other requirements mean you must pay for services you did not specifically request, we will explain the reason in writing on your billing statement.

In the hope of limiting financial barriers, services are provided on **a sliding scale of \$100-350 per hour, and we ask that people pay what they reasonably can.**

Many people come to end of life planning at a time when finances are difficult. Those who are able to pay at the higher end of the sliding scale help us to serve everyone.

If you are in need of services you will not be turned away for lack of funds.
